As far as I know, Passport Helico wanted a total of 6 kits. I have dropped shipped one kit, the first trial install, and brought some feedback that is prompting redesign, the extent of which is still TBD.

The no charge issued on SO117396 consists of using one of the 5 remaining kits currently on hold and ship to Guy Lambert at Passport Helico for immediate use. That kit, like the one drop-shipped last week will be replaced once engineering and manufacturing are done with upcoming design changes.

Unless I have missed something, my understanding is that the remaining 5 kits was put on hold until further notice so I'm not sure anything is being shipped on SO115501 today? If a decision was taken to send all remain 5 kits to Passport Helico on SO115501 then we can cancel SO117396.

Marc
